HuHot strives to offer an environment where many guests with food allergies, sensitivities, or dietary preferences can be comfortable eating. If you have a food allergy, sensitivity, or dietary preference, consider taking the following precautions:

1. Notify your server of any food allergies, sensitivities, or preferences and review written information. If you are unsure or need additional information, please ask to speak with a manager.
2. Ask an employee for assistance with getting fresh products from the cooler if you are sensitive to cross contact.
3. On request, Grill Warriors will clean an area of the grill for you, and use spatulas dedicated exclusively to your meal to minimize the risk of cross contact with your product.

Keep in mind that, although we take precautions, due to the nature of our food line and cooking process, we cannot guarantee you will not come into contact with an allergen.

HuHot is committed to providing accurate nutritional and allergen information. This information is gathered from a combination of industry databases, manufacturer's information, and laboratory analysis and is based on HuHot standard ingredients and portions. Availability of HuHot standard ingredients may vary regionally or seasonally. The handcrafted nature of many items may also result in slight variations, as will the natural variability in ingredients.

Values stated for kids meals, soup, salad, appetizers, and desserts represent the product in its entirety. Any substitutions made to an item will affect the nutritional value. Values stated for Sauce Bar and Food Line items are based on the pre-cooked weight or volume of each item. For labeling, the FDA allows some very low calorie items to be rounded to zero calories. If using a larger portion than the standard serving, it may no longer round to zero calories. Please ask a manager if you need additional information or contact customer_service@huhot.com.
